

# PROTECT YOUR KEYS

## With Our Key Medallion

We hope you never lose your keys, but if you should, a MCA Key Medallion on your key ring almost guarantees they'll be returned.

If your name and address are on the key tag, the person finding your keys could have access to your home and car. On the other hand, lost keys with no identification cannot be returned to you.

You can protect your keys by taking advantage of this valuable MCA Motor Club benefit... the Key Medallion Program.

Your Key Medallion has only your registration number PLUS the message "IF FOUND PLEASE DROP IN ANY MAILBOX" followed by "POSTAGE GUARANTEED" and MCA's PO Box. If you lose your keys, the person finding them can drop the entire key ring into a mailbox. The keys will be returned to us (we pay the mailing costs) and after checking the registered number, we will contact you. Your registered number will remain on file as long as your membership is active.

Your MCA key Medallion is attached to the top of your membership card. Simply snap off the Medallion and place it on your key ring.
